

**ARE YOU HAVING TROUBLE SUSTAINING PRODUCTION, QUALITY, OR DELIVERIES?**

**HAVE YOUR CUSTOMERS LOST CONFIDENCE IN YOUR PRODUCT OR SERVICE OFFERINGS?**

**DO YOU EXIST DAY TO DAY, UNABLE TO PLAN AND EXECUTE TO ACHIEVE YOUR GOALS?**

**DO YOU COLLECT A LOT OF DATA BUT DON'T USE IT TO MAKE DECISIONS?**

**RISE<sup>45</sup>**

**ROADMAP • IMPROVE • SOLVE • EXECUTE**

In 45 days, our RISE<sup>45</sup> product will deliver an executable plan and roadmap to solve an issue that is holding your company back.

This low-cost, low-risk plan provides the process and organizational steps needed to improve the issue and measure its impact.

Additionally, Arc Completa can be your guide in implementing the solution. Our detailed solution frameworks are developed so that your company can drive the work as well.

Arc Completa will also present a statement of work for your next steps. Understanding your company's resources are valuable, Arc Completa can lead and implement, partner with your team, or your team can implement the solution framework.

## FOUR-STEP PROCESS

Arc Completa respects what makes your company unique, we start by asking to execute a mutual non-disclosure agreement.

### STEP 1

Initial meeting with key stakeholders to assess areas of concern and problems; this usually takes one day and, except for travel expenses, there is no cost to you.

Identify and Prioritize Problem Variables

### STEP 3

Arc Completa will present a 45-Day roadmap development proposal for approval. This will also include a forward-looking statement regarding possible paths to execute the framework.

Roadmap a Solution

### STEP 2

Parties agree on the problem definition and how to measure success. We will quickly develop and deliver a summary identifying the problem areas and the statement of work we will tackle.

Control Variation

### STEP 4

Best of all, if Arc Completa executes your custom solution, the cost of RISE 45 will be discounted back to you.

Measurable Results
